TARGET(S) AFFECTED

India - Mumbai - Nagpur - Pune

RISK DOMAIN(S)

ESG

EVENT TYPE(S)

Coronavirus (COVID-19) Incident(s)

GUIDANCE

Actions to Consider

- Mumbai also known as Bombay is the capital city of the Indian state of Maharashtra. Mumbai contributes immensely towards foreign trade and is the hub of economic activities. Finance, IT and ITES, entertainment, textiles, and Jewelry are the major industries. Iron and steel, textiles, jute, sugar, cement, paper, petrochemical, automobile, information technology (IT), and banking & insurance are the major industries of India. Be prepared for possible disruptions to businesses due to the reported incident
- Consider implementing suggested government and company-approved actions related to the current COVID-19 situation. The latest updated information is available at (<https://ncdc.gov.in/>)

Impact Level Definitions

Impact Level	Definition
Critical	Anticipated disruption intensity is critical, and occurrence is imminent - Supply Wisdom recommends considering immediate review and action.
High	Anticipated disruption intensity is high and/or disruption is likely to occur within 3 months - Supply Wisdom recommends being in a heightened state of readiness to take quick action and confirm response plans/protocols.
Moderate	Anticipated disruption intensity is moderate and/or likely to occur within 3 to 6 months - Supply Wisdom recommends reviewing current mitigation steps and being prepared to take proactive action if and when situation deteriorates further.
Low	Anticipated disruption intensity is low and/or may occur after 6 months - Supply Wisdom recommends taking proactive action if situation does not resolve in approved timeframe.
Informational	The event is pertinent information but does not have a current risk element associated with it.
