

INTELLIGENT RISK ALERT

IMPACT LEVEL

Moderate

Update 94: Canada - COVID-19 - Border Restrictions Extended Until September 30, 2022

6/30/2022, 10:42:59 AM

- Canada's major economic sectors are real estate, manufacturing, mining, finance & insurance, and the construction sector
- Travelers need to provide proof of being fully vaccinated to enter the country
- Unvaccinated Canadians or permanent residents must provide a COVID-19 test (RT-PCR) results taken prior to entry and should be quarantined for 14 days upon arrival
- The government also mandates the use of the ArriveCAN app to provide mandatory travel information within 72 hours before arrival in Canada
- The pause of mandatory random testing for fully vaccinated travelers will continue at all airports until mid-July 2022
- **Reported COVID-19 stats for Canada:**
 - Confirmed Cases: 3,935,609
 - Deaths: 41,904 (1.1%)
 - Recoveries: 3,557,420 (90.4%)
 - Vaccine Doses Administered: 86,173,422
 - Fully Vaccinated: 31,441,064 (82.8%)
- Supply Wisdom will continue to monitor the situation and will alert you to any relevant developments

EVENT TYPE(S)

Coronavirus (COVID-19) Incident(s)

GUIDANCE

Actions to Consider

- Be prepared for possible disruptions to businesses due to the reported incident
- Determine if all management teams in impacted areas are current on all government-designated guidelines and restrictions and are aware of possible misdiagnosis due to the ongoing cases of Hepatitis
- Determine if third parties or captive units have in-house health professionals to detect sickness and quarantine suspected disease carriers spotted within the business premises if any
- Consider implementing suggested government and company-approved actions related to the current COVID-19 situation. The latest updated information is available at (<https://www.canada.ca/en/public-health.html>)

Impact Level Definitions

Impact Level	Definition
Critical	Anticipated disruption intensity is critical, and occurrence is imminent - Supply Wisdom recommends considering immediate review and action.
High	Anticipated disruption intensity is high and/or disruption is likely to occur within 3 months - Supply Wisdom recommends being in a heightened state of readiness to take quick action and confirm response plans/protocols.
Moderate	Anticipated disruption intensity is moderate and/or likely to occur within 3 to 6 months - Supply Wisdom recommends reviewing current mitigation steps and being prepared to take proactive action if and when situation deteriorates further.
Low	Anticipated disruption intensity is low and/or may occur after 6 months - Supply Wisdom recommends taking proactive action if situation does not resolve in approved timeframe.
Informational	The event is pertinent information but does not have a current risk element associated with it.
